Overview

Where other premium brands have the prerequisite parts to comprise a midsize luxury car, Audi's A4 and S4 for 2015 combine wood, leather, chrome and steel in a way that transcends mere transportation. The A4 sedan's powerful yet fuel-efficient turbocharged engine is an Audi hallmark, while the high-performance...

You'll Like This Car If...

If you're seeking a car that regularly qualifies as one of the best luxury car buys year after year, Audi's A4 and S4 performance sedans for 2015 won't disappoint. Excellent performance without a harsh ride complement the A4's stunning interior, whisper-quiet cabin, and user-friendly electronic interfaces.

OUT OF FIVE

What's New

Audi's A4 and S4 for 2015 receive a number of minor improvements, the highlights of which include the addition of last year's S line style package as standard equipment on all A4s. A 60/40-split rear seat, headlight washers and 3-zone climate control are also now standard on all A4s.

Favorite Features

TURBOCHARGED ENGINE
Audi has been doing turbocharged 4-cylinder engines longer than just about any of its competitors, and the current 2.0-liter unit in the 2015 A4 is as responsive and smooth as any V6. Fuel economy, though not as good as the BMW 3 Series, is near the top of its class.
